

 We work closely with the schools that children transfer to and the nurseries that children transfer from. Our foundation stage teacher visits all children in their pre-school setting and feeds back fully to the SENCo. When parents visit the school for their first information meeting about their children staring school, the SENCo is present so that parents can have any queries addressed.

We ensure all records regarding children with special educational needs are transferred to the next school and gathered from their previous educational setting. For the children transferring to high school, a meeting is arranged between the SENCos to discuss the pupils needs. We arrange extra induction days and visits if necessary to enable a smooth transfer.
