

Thurlaston CE (Aided) Primary School
Teaching and Living the Christian Way of Life
Building Our Lives on Jesus

SEND Policy

Approved: October 2025

Signed

Review Date: October 2026

Thurlaston CE (Aided) Primary School

Teaching and Living the Christian Way of Life

Building Our Lives on Jesus

Therefore, everyone who hears these words of mine and puts them into practice is like a wise man who built his house on the rock. (Matthew chapter 7 verse 24, NIV)

Our Christian Values

Friendship,
Justice,
Trust,
Generosity,

Perseverance,
Thankfulness,
Compassion,
Forgiveness

Compliance

This policy complies with the statutory requirement laid out in the SEND Code of Practice 0 – 25 (September 2014) 3.66 and has been written with reference to the following guidance and documents:

- Equality Act 2010: advice for schools DfE Feb 2013
- SEND Code of Practice 0 – 25 (September 2014)
- School SEND Information Report regulations (2014)
- Statutory Guidance on Supporting pupils at school with medical conditions April 2014
- The National Curriculum in England Key Stage 1 and 2 framework document Sept 2013
- Safeguarding Policy
- Accessibility Plan
- Teachers Standards 2012

The process of developing the draft of this policy was initially carried out by the Affinity TSA SENDCo Leadership Development Group. It was then finalised by Miss Richards and Mr G. Beetham in consultation with Mrs L. Daines (SEND Governor), parents, pupils and staff at the school.

Name of SENDCo and Contact Details

Lucy Richards(Reg.3a for schools)

(Clause 64, C and F Bill)

Miss Richards is also a class teacher.

(Role of the SENDco in Schools SEND Code of Practice Chapter 6)

Please contact Miss Richards via the school office on 01455 888243 or

L.richards@thurlaston.leics.sch.uk

Thurlaston CE Primary School is a Church of England Aided Primary School with Christian attitudes towards life.

We consider it important to foster a personal, caring and happy environment for both children and adults.

We are committed to:

Teaching and living the Christian Way of Life: Building our lives on Jesus

Intent

We are committed to using our best endeavours to provide an appropriate and high quality education for **all** children at our school which enables them to:

- Achieve their best.
- Become confident individuals living fulfilling Christian lives.
- Make successful transition to their next phase of education.

We consider every teacher to be a teacher of every child, including those with special educational needs and disabilities. We have the highest aspirations and expectations for all pupils, including those with special educational needs.

We aim to achieve a community where parents and those working in school have a mutual trust and confidence in each other, created through clear, consistent approaches to communication and collaborative working, to enable outstanding outcomes for children with SEND (Special Education Needs and Disability).

Our intent is to provide all children, including those with special educational needs and disabilities, with a broad, balanced academic and social curriculum, which is accessible and ensures they are fully included in all aspects of school life and feel equally valued and fully part of the school community.

Objectives

To achieve this we will:

1. Strive to establish a fully inclusive school, eliminate prejudice and discrimination and create an environment where all children can be happy, flourish and feel safe.
2. Respond to learners in ways which take account of their varied needs and life experiences, moving away from an approach that locates a problem within the child, but means doing everything we can to meet a child's SEND.

3. Identify a pupil's special educational needs at the earliest point and then make effective provision as this is known to improve long term outcomes.
4. Work in close partnership with parents to achieve these aims. We are committed to parents participating as fully as possible in decisions and being provided with information and support necessary to enable this.
5. Support pupils themselves to participate in discussions and express their views and be fully involved in decisions which affect them encouraging them to become increasingly effective self-advocates.
6. Work in close partnership with a range of specialist agencies to enable us to provide effective targeted support.
7. Provide support, advice and training for all staff working with pupils with special educational needs to enable them to be increasingly able to adapt teaching to respond to the strengths and needs of all pupils.
8. Appoint a qualified Special Needs and Disability Coordinator who will have responsibility for the day-to-day operation of the SEND policy and coordination of specific provision made to support individual pupils with SEND, including those who have EHC (Education, Health and Care) plans.

The head teacher, SENDCo, all staff and the Governing Body will work within the guidance outlined in the SEND Code of Practice 0 -25 (September 2014)

Identification of Special Educational Needs

A pupil has SEND where their learning difficulty or disability calls for special educational provision to be made for them, that is provision different from or additional to that normally available to pupils of the same age. For some children, SEND can be identified at an early age. However, for other children and young people difficulties become evident only as they develop.

The identification of SEND is built into the overall approach to monitoring the progress and development of **all** pupils. Class teachers will assess each pupil's current skills and levels of attainment on entry, building on information from previous settings. Class teachers then make regular assessments of progress for all pupils identifying in particular where pupils are making less than expected progress given their age and individual circumstances. Where a pupil's progress is causing concern, this may be characterised by progress which:

- is significantly slower than that of their peers starting from the same baseline
- fails to match or better the child's previous rate of progress
- fails to close the attainment gap between the child and their peers
- widens the attainment gap

It can include progress in areas other than attainment – for instance where a pupil needs to make additional progress with wider development or social needs.

Broad areas of need as outlined in the SEND Code of Practice (2014)

These four broad areas give an overview of the range of needs that the school plans for. In practice, individual children or young people often have needs that cut across all these areas and their needs may change over time.

- Communication and Interaction
- Cognition and Learning
- Social, Emotional and Mental Health
- Sensory and/or Physical

The purpose of identification is to work out what action the school needs to take, not to fit a pupil into a category. In our school, the needs of the whole child will always be considered in this process.

There are other factors that may impact on progress and attainment that are not considered SEND:

- Disability
- Attendance and punctuality
- Health and Welfare
- English as an additional language
- Being in receipt of pupil premium grant
- Being a looked after child
- Being a child of a serviceman or service woman

Any concerns relating to a child's behaviour may be an underlying response to a need which the school would work with parents to identify.

The Graduated Approach

Identifying and adapting teaching to meet pupils' needs is a process that is in place for all pupils. The school has a rigorous and regular system, through termly pupil progress meetings, to identify where pupils are not making expected progress or working below national expectations. Class teachers will put in place, if necessary, relevant and timely interventions, through quality first teaching, appropriate differentiation and in-class support, aimed at closing the gap or raising the attainment. The class teacher will also talk with parents to ensure there is a shared understanding of pupils needs and to gain parental perspective on any emerging concerns and areas of strength.

Where a pupil's needs are persistent, the class teacher will meet with the SENDCo. At this meeting, the requirement for additional fine-tuned assessments will be ascertained. Parents will be invited into school to share their perspective. Where appropriate, the child's views

will be sought. If, as a result of this process, it is clear that different and additional provision is required to meet the child's needs, the child will then be placed on the school SEND record at 'SEND Support'. The parents will be informed if the school is making special educational provision for a child.

The class teacher remains responsible and accountable at all times for the progress and development of all children in his/her class, even where a child may be receiving support from a teaching assistant. High quality teaching, differentiated for individual pupils is always seen as the first step in responding to pupils' who may have SEND.

Working together, the SENDCo, class teacher, parents and child (where appropriate) will select appropriate support and intervention to meet the outcomes identified for the pupil, based on reliable evidence of effectiveness. This will be delivered by staff with sufficient skills and knowledge. This SEND support will take the form of a four part cycle (assess - plan - do - review) through which earlier decisions and actions are revisited, refined and revised with a growing understanding of the pupils needs and of what supports the pupil in making good progress and securing good outcomes. This is known as the Graduated Approach. It draws on more detailed approaches, more frequent reviews and more specialist expertise in successive cycles in order to match interventions to the SEND of a child.

The effectiveness of the support and interventions and their impact on the pupil's progress will be reviewed each term. The review process will include an evaluation of the impact and quality of the support and intervention, the views of the pupil and their parents. This review will then feed back into the analysis of the pupil's needs. The class teacher, with support from the SENDCo, will revise the support in light of the pupil's progress and development, deciding on any changes to the support and outcomes in consultation with the parent and pupil.

The school can involve specialists at any point to ask for advice regarding early identification and effective support. However, where a pupil continues to make less than expected progress, despite evidence based support and interventions that are matched to the pupil's area of need, the school will consider involving specialists, including those secured by the school itself or from outside agencies. Parents will always be involved in any decision to involve specialists along with the child's class teacher and in appropriate cases, the child them self. Specialist agencies will only be contacted where parents are in agreement.

It is the SENDCo's role to contact any specialist agencies and ensure that the involvement of specialists and what was discussed or agreed is recorded, shared and fully understood by parents, teaching staff and, where appropriate, the child. The involvement of specialists and what was discussed or agreed will be recorded and shared with the parents and teaching staff supporting the child.

Examples of specialist agencies used by and that are available to be used by the school

- Educational psychologists
- Child and Adolescent Mental Health Services (CAMHS)
- Education Inclusion Service specialist teachers

- Specialist teachers for children with hearing and vision impairment, including multi-sensory impairment, and for those with a physical disability
- Speech and language therapists
- Occupational therapists and physiotherapists
- Leicestershire Specialist Teaching Service (Autism Outreach and Learning Support Team)

In some cases, there is a charge for accessing specialist agency support; funding for which will come from the school's notional SEND budget and will be monitored by the SENDCo and head teacher.

Where pupils have an EHC plan, the school will work in close partnership with any specialist agencies named on the plan to provide support and specialist advice.

The LA SEND Support Plan and Education Health and Care Plan process

Where the special educational provision required to meet the child or young person's needs cannot reasonably be provided from within the resources normally available to the school, the school, in consultation with parents, will consider requesting 'SEND Intervention Funding' or an Education, Health and Care Plan assessment from the Local Authority. To inform this decision, the SENDCO will have close regard to the local authority's criteria for funding through a SEND Support Plan or for an EHC Plan assessment. This can be found on the Leicestershire Local Offer web site along with information on the EHC plan assessment process. This information will be shared in full with parents to ensure they are confident and clear about what the process is and how they are involved in it.

Removing pupils from the SEND register

In consultation with parents, a child will be considered for removal from the SEND register where he/she has made sustained good progress that:

- better the previous rate of progress and has sufficiently closed the attainment gap between the child and their peers of the same age,
- or where a child's wider development and /or social needs have improved and progress in the targeted area is considered to be sustained
- and SEND Support is no longer required to ensure this progress is sustained.

Supporting Parents/Carers of Children with SEND

The school is fully committed to a meaningful partnership with parents of children with special educational needs where they can be as fully involved as possible in decisions and are provided with the information and support necessary to enable participation in those decisions.

The school will do this by:

- Always making parents feel welcome and actively listening to their concerns, wishes and aspirations for their child, instilling confidence and building effective partnerships.

- Providing all information in an accessible way.
- Ensuring the SENDCo is available for meeting by appointment through the school office or by email.
- Publishing information about how the school implements the SEND Policy on the school web site following the information set out in the SEND information regulations (2014) and as part of the school's contribution to the Local Offer. (<https://www.thurlaston.leics.sch.uk/wp-content/uploads/2019/11/School-Offer.pdf>)
- Ensuring class teachers meet with parents, in addition to parent evening appointments, to discuss concerns regarding pupils' progress at the earliest opportunity, raised either by the class teacher or the parents themselves.
- Inviting parents of pupils with SEND into school three times a year to set and review the outcomes of support, discuss the activities and support that will help achieve their child's targets, and identify the responsibilities of the parent, the pupil and the school.
- Providing an opportunity for the parents to share their views. This will take the form of an annual parental questionnaire.
- Supporting and guiding parents in ways that they can help with their child's learning and development at home.
- Recording the outcomes, action and support agreed through the discussions and sharing this information with all the appropriate school staff. A record will be given to the pupil's parents.
- Signposting parents to wider support, information and services pertinent to their child's SEND by ensuring they know how to access the Local Offer and the LA's (Local Authority's) Parent Partnership Service.
- Consulting with a representative group of parents of pupils with SEND when reviewing the school's SEND Information Report (see school web site) and the SEND policy. A paper copy will be made available to parents on request.
- Planning in additional support for parents at key times, for example, when considering and making a referral for a coordinated assessment for an EHC plan and to ensure smooth and successful transition into the school or to next phase of education.

Supporting Pupil Voice

The school recognises that all pupils have the right to be involved in making decisions and exercising choice. We aim to develop pupils' self-advocacy skills to enable them to transfer to their next phase of education confident and able to communicate, convey, negotiate or assert their own interests, desires, needs, and rights becoming increasingly able to make informed decisions about their learning and future and take responsibility for those decisions.

How the school will do this

- Self-knowledge is the first step towards effective self-advocacy so, with their parents, we will support pupils to understand their strengths, needs and approaches

to learning that are particularly successful for them and to have the confidence to voice their concerns, hopes and aspirations.

- Wherever possible and in an age-appropriate manner, pupils with SEND are involved in monitoring and reviewing their progress and in making decisions about future support and provision. Their views are recorded and shared.
- All staff will actively listen to and address any concerns raised by children themselves.
- Pupils with SEND are encouraged to stand for election to the School Council.
- Planning in additional support for pupils at key times, for example, when considering and making a referral for a coordinated assessment for an EHC plan and to ensure smooth and successful transition into the school or to next phase of education.
- Pupils are also provided with additional support to contribute as fully as possible in their Annual Review. This can be, for example, preparing a statement to be shared at the meeting.
- Seeking pupils' views through regular questionnaires / group interview activities undertaken by the SENDCOs and/or SEND Governor, considering adjustments to keep in the light of analysis.

Supporting Pupils at School with Medical Conditions

The school recognises that pupils at school with medical conditions should be properly supported so that they have full access to education, including school trips and physical education. Some children with medical conditions may be disabled and where this is the case the school will comply with its duties under the Equality Act 2010.

Some may also have special educational needs (SEND) and an Education, Health and Care (EHC) plan which brings together health and social care needs, as well as their special educational provision where the SEND Code of Practice (2014) is followed.

Arrangements are in place in school to support pupils at school with medical conditions are detailed in our school's policy for 'Supporting pupils with Medical Conditions'.

Monitoring and Evaluation of SEN

The school regularly and carefully monitors and evaluates the quality and effectiveness of provision for all pupils including those with SEND. This is done through scrutiny of data related to the achievement of pupils with SEND, work scrutiny, observation and sampling of parent and pupil questionnaires. The school's SEND Governor also has a role in scrutinising the findings of the school's self-evaluation and relevant data as part of the Governing body's process of monitoring the effectiveness of the school's SEND Policy.

Training

In order to maintain and develop the quality of teaching and provision to respond to the strengths and needs of all pupils, all staff are encouraged to undertake training and development.

Training needs of staff are identified through an annual SEND questionnaire which is analysed by the SENDCo.

All teachers and support staff undertake an induction process on taking up a post and this includes a meeting with the SENDCo to explain the systems and structures in place around the school's SEN provision and practice and to discuss the needs of individual pupils.

In order to keep up to date with local and national updates in SEND, the school's SENDCo regularly attends the local SENDCO net meetings, the TELA (Thomas Estley Teaching Alliance) SEN meetings and attends training according to the current SEN cohort.

Funding for SEND and Allocation of Resources

The school's core budget is used to make general provision for all pupils in the school including pupils with SEND. In addition to this, every school receives an additional amount of money to help make special educational provision to meet children's SEND. This is called the 'notional SEND budget'. The amount in this budget is based on a formula which is agreed between schools and the local authority. The government has recommended that schools should use this notional SEND budget to pay for up to £6,000 worth of special educational provision to meet a child's SEND.

Most children with SEND, need special educational provision that comes to less than £6,000. If the school can show that a pupil with SEND needs more than £6,000 worth of special educational provision, it can ask the local authority to provide SEND Intervention funding to meet the cost of that provision. Where the local authority agrees, the cost is provided from funding held by the local authority in their high needs block. Schools are expected to use this funding to make provision for that individual pupil

The school may also use Pupil Premium Funding where a pupil is registered as SEND and is also in receipt of Pupil Premium grant to address the needs of these pupils and enhance learning and achievement.

Each term, in consultation with the head teacher SENDCo, the teachers will map out the targeted provision in place for pupils on the SEND record and the SENDCo will monitor this paperwork to oversee how resources are allocated and to monitor the cost of the whole of our SEND provision.

Roles and Responsibilities

SENDCo

The key responsibilities of the SENDCO are taken from the SEND 0- 25 Code of Practice (2014) and include:

- overseeing the day-to-day operation of the school's SEND policy
- coordinating provision for children with SEND

- liaising with the relevant Designated Teacher where a looked after pupil has SEND
- advising on the graduated approach to providing SEND support
- advising on the deployment of the school's delegated budget and other resources to meet pupils' needs effectively
- liaising with parents of pupils with SEND
- liaising with early years providers, other schools, educational psychologists, health and social care professionals, and independent or voluntary bodies
- being a key point of contact with external agencies, especially the local authority and its support services
- liaising with potential next providers of education to ensure a pupil and their parents are informed about options and a smooth transition is planned
- working with the head teacher and school governors to ensure that the school meets its responsibilities under the Equality Act (2010) with regard to reasonable adjustments and access arrangements
- ensuring that the school keeps the records of all pupils with SEND up to date.

Governing Body and Head teacher

The Governing Body will, in line with SEND Information Regulations, publish information on the school's website about the implementation of the school's policy for pupils with SEND. The information published will be updated annually and any changes to the information occurring during the year will be updated as soon as possible.

A member of the Governing Body is appointed to have specific oversight of the school's arrangements for SEND and disability and to ensure that the full governing body is kept informed of how the school is meeting the statutory requirements.

The head teacher, SENDCO and governing body will establish a clear picture of the resources that are available to the school and will consider the strategic approach to meeting SEND in the context of the total resources available, including any resources targeted at particular groups, such as the pupil premium.

The head teacher will ensure that the SENDCO has sufficient time and resources to carry out his/her functions. This will include providing the SENDCO with sufficient administrative support and time away from teaching to enable them to fulfil their responsibilities.

Storing and Managing Information

All records containing sensitive information relating to the special educational needs or disabilities of pupils in school will be treated as highly confidential and be stored in manner that means that the school is compliant with GDPR regulations.

Reviewing Policy

This policy will be formally reviewed annually. Representatives of parents of pupils with SEND and pupils themselves will be part of this process.

Accessibility

The DDA, as amended by the SEND and Disability Act 2001, placed a duty on all schools and LAs to plan to increase over time the accessibility of schools for disabled pupils and to implement their plans. We are required to produce accessibility plans for our individual school and LAs are under a duty to prepare accessibility strategies covering the maintained schools in their area.

Please see our policies on:

- Our School Access Plan - <http://www.thurlaston.leics.sch.uk/wp-content/uploads/2022/03/Access-Plan-1.pdf>

Dealing with Complaints

In line with our Ethos of Teaching and Living the Christian Way of Life we believe that concerns and complaints should be dealt with in a way so as to resolve issues and enable people to as far as possible live at peace with one another.

Please find below the link to the school Comments, Compliments and Complaints policies and procedures.

<https://www.thurlaston.leics.sch.uk/wp-content/uploads/2024/01/Complaints.pdf>

Bullying

Bullying of any kind is seen as unacceptable within our school. The school's positive behaviour policy sets out its key principles for the positive management of behaviour, in accordance with the school's mission statement.

It states: 'Every child at the school has the right to feel safe and secure within their school environment so they are able to learn effectively and develop as individuals.' Accordingly, each child has a responsibility to behave in a manner which ensures this both for themselves and others.

Our school anti bullying policy encourages: respect for others, empathy with others, and tries to get children to take responsibility for their actions and the consequences of their actions. For further information please see our Anti Bullying policy.
