

THURLASTON CE PRIMARY SCHOOL NEWSLETTER

MR DAVIES' UPDATE

The children had a lot of fun (and got a lot of straw everywhere!) on Wednesday while making their scarecrows. As Mrs Andrews said 'core primary school memory created'!

Hopefully you'll agree that their creations look great and there won't be any bias in the judging.....

A few 'bigger picture' items to update you with: we have a new website on the way, which should be live in the next couple of weeks. We are also moving forward with a plan to instal solar panels, which will produce a good portion of the school's electricity in a clean and sustainable way and reduce our energy bills, freeing up more money to spend on your children's education.

We are hoping this will be in place by Christmas, but if not it will certainly happen before the summer.

GOLD AWARDS

Well done to the following for their excellent effort, behaviour and work:
