

## Monday 29<sup>th</sup> June 2020

### English

This week in English, I would like you to work on your reading skills. I will be providing a different reading comprehension task each day for you to have a go at.

Year 4, use [BBC Bitesize Reading and Understanding texts](#) to complete some comprehension tasks based on Aesop's Fables.

Year 3, use [BBC Bitesize Reading and Understanding texts](#) to complete some comprehension tasks based on a range of Fiction and Non-Fiction texts.

### Maths

This week, I'd like you to focus on your multiplication and division skills.

[Monday - Short Division - Year 4](#)

[Monday - Short Multiplication - Year 3](#)

## Tuesday 30<sup>th</sup> June 2020

### English

Today, I would like you to have a go at completing comprehension tasks based on Kensuke's Kingdom. Use [BBC Bitesize](#) to hear Dolly-Rose Campell read extracts from the book.

### Maths

[Tuesday multiplication and division year 3](#)

[Tuesday multiplication and division year 4](#)

## Wednesday 1<sup>st</sup> July 2020

### English

Today, have a go at a reading comprehension task based on a script for a year 3 class returning to school.

Read the script carefully first, then have a go at answering the questions. There is also an additional challenge for those of you who would like to push yourself even further on your super reading journey!

[Interactive reading comprehension](#)

### Maths

Have a go at some Multiplication and Division Maths games of your choice, found at <https://www.topmarks.co.uk/maths-games/7-11-years/multiplication-and-division>. I highly recommend Hit the Button, Tommy's Trek and Guardians, Defenders of the Mathematica.

## Thursday 2<sup>nd</sup> July 2020

### English

Today I would like you to write a review of your favourite book. It should include a summary of the book's content as well as your opinion. You could include a rating system for different elements e.g. storyline, characters, book cover etc. You should write your review in paragraphs, with a minimum of 2 paragraphs being expected of you. Remember to use capital letters, full stops and commas. Challenge yourself to apply some of the grammar skills in your writing that you have learnt over the past few weeks.

### Maths

Time to practise your calculation skills! First of all, have a go at the questions below, see if you can level up! **Look out, some of them might leave a remainder!** Remember, when completing the division questions, you should use your times tables knowledge to help you solve them. Then, complete the arithmetic booklet.

$99 + 19 =$

$83 - 36 =$

$7 \times 9 =$

$36 \div 3 =$

$594 + 633 =$

$392 - 69 =$

$3 \times 46 =$

$126 \div 4 =$

$2943 + 4953 =$

$7483 - 3247 =$

$14 \times 23 =$

$333 \div 11 =$

**Friday 3<sup>rd</sup> July 2020**

***English***

Today is a good day to test yourself on your previous spellings before you complete the spelling task for this week!

The spelling rule this week is **Year 3/4 common exception words**

[Spellings Friday](#)

**I would like you to look at the list of spelling words and choose 10 of your own to practise over the next week. Perhaps you will choose 10 different words each day, or maybe 10 that you find really tricky so would like some more practise on.**

Today, choose 10 words to write out in different colours in order to fill the page with colourful words! Then, use them in silly, short sentences.

***Maths***

Complete some of the revision booklet on multiplication and division using all of the knowledge that you have gained this year learning about your times tables. Don't worry if you don't do the whole thing - there's a lot to it! Just do what you can today and the rest can be completed in your own time.
