November
NOVEMBER 2020

A little update

I just wanted to say a massive thank you to all of the parents and guardians for your continued support. It is thanks to your cooperation and encouragement that all of the children have settled back in to school and are feeling happy and comfortable learning with their friends.

As we are now in the lead up to Christmas, we are all getting very excited and having a lot of fun learning in school, but I know many children take part in activities outside of school too..

I am so pleased to see that a number of children have been achieving recognition for their activities outside of school. It is always wonderful to hear of the trophies, medals and badges that are being earned and I am always incredibly proud.

Things we've learnt

Last term we enjoyed learning about the Stone Age-Iron Age but we have now started another fascinating topic called 'Vicious Volcanoes'. We have been learning all about different types of volcanoes, how they are formed and the dangers/benefits they pose to people living nearby. This topic has also been continued in our English learning as we are focusing on Non-Fiction Information texts in preparation to write our own double page spread all about volcanoes! In Maths, we have been developing our multiplication and division skills. Year 4s have also been learning about Statistics and charts. We finished our animation unit in ICT last half term and we are now learning all about staying safe online and online relationships in PSHE. In PE we are doing gymnastics and tag rugby.

For your information: Show and tell will be on TUESDAYS ONLY for the foreseeable, please ensure your child does not bring personal items in unless they are for show and tell.

Information packs

With this newsletter, I have included log in information for our new Class Dojo resource which will be our virtual learning environment should it be required at any point this year. Homework (including spellings and times tables) will be posted on Class Dojo and the website for the next two weeks, then on Class Dojo ONLY from Friday 28th November, giving you all a chance to get used to it. I have also included some extra spelling resources and a multiplication as a number of children may benefit from alternative practise of their spellings.
